Company Profile

SURYA ENTERPRISES — India's agriculture marketplace

Founded 2023

Licensed agro-inputs marketplace

ISO & ZED certified

Built from inside the supply chain.

A licensed marketplace that delivers agro-inputs directly to farmers. It removes the middlemen and the commissions they add, so the farmer's money goes into the product.

Business overview

SURYA ENTERPRISES is a licensed agro-inputs marketplace that sells directly to farmers and institutions across India, built by a team that spent three years inside the agri-inputs supply chain.

- Licensed agro-inputs marketplace selling directly to farmers and institutions across India through the website, a store in Jaipur and an institutional desk.
- Manufacturer-direct: products are manufactured and supplied by Surya Enterprises; ISO certified and ZED (Zero Defect Zero Effect) certified.
- Online catalogue of 10,472 SKUs across insecticides, herbicides, fungicides and PGR & others, covering 651 active ingredients.
- Pack prices from INR 100 to INR 10,000; every listing shows the active ingredient, formulation and pack size.
- Seeds, agro equipment, tarpaulins (tirpal) and crop nutrients supplied through the store and institutional desk; coming online in phases.
- Founded 2023 as a backend support channel for the agri-inputs supply chain; incorporated as SURYA ENTERPRISES and launched the Surya Marketplace.
- GST-registered in Rajasthan (registered office, Jaipur) and Delhi (corporate office).

Business model

Manufacturer-direct supply

Surya Enterprises manufactures and supplies the products it sells. No distributor, wholesaler or commission layer sits between the company and the buyer.

D2C — farmers (70% of sales)

Website orders paid by UPI and dispatched to serviceable PIN codes across India, plus in-person sales at the Jaipur store.

B2B — institutions (30% of sales)

Quotation-based supply to agricultural universities and institutes, bulk enterprises, dealers and co-operatives through the institutional desk.
