NATURE OF BUSINESS

Licensed agro-inputs marketplace; manufacturer and direct seller of crop-protection products

1. Nature of business

SURYA ENTERPRISES, trading as Surya Enterprises, is a licensed agro-inputs marketplace based at Rajdhani Krishi Mandi, Jaipur, with a corporate office in New Delhi. It manufactures and supplies crop-protection products (insecticides, herbicides, fungicides and plant growth regulators) and sells them directly to farmers and institutional buyers — through its website, its Jaipur store and an institutional desk — with no distributors or commission agents in between. Founded in 2023 as a backend support channel for the agri-inputs supply chain, the company was incorporated to build the Surya Marketplace.

1 Manufacturer-direct: products are manufactured and supplied by Surya Enterprises (ISO and ZED certified).

2 Sells directly to farmers (B2C, 70% of sales) and to universities and institutes, bulk enterprises, dealers and co-operatives (B2B, 30%).

3 Online catalogue of 10,472 SKUs across 651 active ingredients, priced ₹100 – ₹10,000 per pack.

4 Seeds, agro equipment, tarpaulins (tirpal) and crop-production inputs are sold in-store and by quotation.
